John Long: Cell Ph. No.: 405-403-4303; Office No.: 580-658-5553; Fax No.: 580-658-5548; Email:

grahamauctioneers@yahoo.com

Questions, please call John Long above or Randy Robinson at 405-229-7632.

Counties placing equipment in auction will require the Board of County Commissioners to sign the CED auction policy to verify that they have been read and understood. Please execute and send to CED 7 for the Elk City auction. See attached form, AP-100. This only applies if you are placing items in the auction.

Elk City Convention Center

Missing **ANY** of the following deadlines may jeopardize your county's equipment being in the auction(s).

Auction Deadlines for March 7th & 8th, 2025 Auction

Elk City Convention Center, 9:00 am

1. Submit equipment submittal form(s) by **February 4th** to have your equipment included in National Publications and the auction brochure. **Sign CED auction policy, AP-100.**
2. Deliver equipment to auction site **as early as February 3rd and no later than March 1st**.
3. Commissioners sign all titles and send to Circuit #7 by **February 22th**. SEE NOTE BELOW!
Circuit Engineering District #7
P.O. Box 337
Clinton, Oklahoma 73601
4. Send copy of Board minutes where you surplus the equipment to Circuit #7 by **February 20th**.
Proof of publication is no longer required by each county. The advertising of the auctioneer meets the requirement. Title 19 §421.1 (F)

John Long would be happy to view your equipment prior to you placing it in the auction to answer any of your questions.

NOTE:

1. If your titles have a lien shown, please attach your lien releases.
2. Please check to make sure your signature is in the correct place.
3. Verify that your VIN number on the title matches the VIN number on the vehicle, trailer, etc..
4. If you sign and notarized your titles **30 days or greater** from the date of the auction **the county** will be charged a fee that would be incurred by the buyer when the title is updated at the Tag Agency.

The alternatives are as follows:

- a. You may just sign and not notarize the title and send to CED 7 for the Elk City auction. The Auctioneer can notarize them the day of the auction.
- b. You may send a copy of the Title by the deadlines shown to either CED 7 for the Elk City auction. This requires that the appropriate County Commissioner is at the auction to bring and/or sign the title.
- c. You may send a copy of the Title by the deadlines shown to CED 7 for the Elk City auction to verify the information is correct. Within two weeks from the auction the County Clerk may notarize the title and send it to CED 7 for the Elk City.

If possible please do "a" above, the day of the auctions can be hectic and your titles could get misplaced.

CED 7, OCCEDB and the Auctioneer must verify all the above is done correctly so your help would be greatly appreciated.
